Homecoming 1986. What a week at North Miami! Lockers were decorated, sweats were doned by faculty and students, swimmers invaded the halls on "Fun in the Sun Day", green hair, punk hair styles and clothing were seen quite a bit on "Punk Day"; pajamas and teddy bears were favorites of some students and then "Spirit Day" ended the week's activities.

North Miami had a "first" this year during Homecoming Week. The boys got to get into the action, and volleyball was the name of the game.

Pre-game activities this year included introducing the many new faces in the North Miami School Community.

The spectators in the crowd had dampened spirits as the Warriors left the field at half time. The Warriors had yet to score and Manchester had a very comfortable lead. However, as down and out as everyone was, they were anxious to hear who would be the reigning king and queen. Tony Willis and Kim Zimmerman were crowned during halftime.

Manchester went on to win with a score of 40-0. This was a difficult loss for the team.

The 1986-87 Homecoming festivities ended with a dance. Everyone danced away the agony of defeat. Although Homecoming provided tears and smiles, it will be remembered as an important day in the 1986-87 school year. Seniors added another "last" to their list of activities that are slowly winding down their last year at NM.

Volleyball competition involves the guys during Homecoming Week. The Seniors are ready to serve.

Ann DuBois maybe in typing class, but don't you think she would rather be on the beach!

These four Juniors are ready for any floods of work that may come their way. Left to Right: Tammy Shaffer, Missy Prior, Lisa Barnhisel, Bev Conner.

The Twenty-Third Psalm

The Lord is my shepherd; I shall not want.
He maketh me to lie down in green pastures:
He leadeth me beside the still waters,
He restoreth my soul: He leadeth me in the
paths of righteousness
for His name's sake.
Yea, though I walk through the valley of
the shadow of death, I will fear no evil:
for thou art with me; Thy rod and
thy staff they comfort me.
Thou preparest a table before me in the
presence of mine enemies: thou anointest
my head with oil; my cup runneth over.
Surely goodness and mercy shall follow me
all the days of my life: and I will
dwell in the house of the Lord forever.

We've Come A Long Way

The 1987 senior class was the first class to start their education in the newly constructed North Miami Elementary School in 1974. The yearbook staff chose the theme, "We've Come A Long Way," because the old elementary schools—Chili, Deedsville, Gilead, Macy, and Mexico—were consolidated and replaced by the new. This class also was the first class to come over to the high school after the renovation that took place in 1980-81. The seniors appearing on this page did not attend kindergarten at NM, but the staff wanted to include as many seniors as possible in this special introductory section.

Sweden and Columbia Arrive at NM

Lena enjoys a little relaxation at her home with the family dog, Pepe Le Pew.

Lena shows pride in her country by displaying her country's flag.

To Teachers and Students at North Miami:

I feel so sorry to tell you that I have to leave you and go back to Sweden because of family reasons.

At the same time, I want to thank you all for the way you've greeted me here these months and made me a part of your school, your life and your country.

This has been such a great time in my life, and I wished that everyone could get that opportunity, to travel and live in a foreign country and learn about other customs and lifestyles. If you ever get the chance to do it, TAKE IT!

NM is a small school, but it has such great spirit that you can never find in a Swedish school. It is like a big family. It will be so hard to leave you. I hope you all will remember me. I will never forget you.

Seniors—I wish you a great graduation and good luck in the future.

I love you, Lena

Lena Dufberg and Niclas Kristensen pose for a picture while in studyhall.

Niclas gets ready to give a speech on Sweden during NM's Christmas program.

This year North Miami had three foreign exchange students. Niclas Kristensen was from Hallstahammer, Sweden. Lena Dufberg came from Skara, Sweden; and Edgar Torres came from Cucutta, Columbia.

When asked how life was different here than from their own country, Edgar answered, "Food, transportation, weather and parties." Niclas said, "That they use bikes for transportation, and we use vehicles. Also, they have more parties in Sweden."

Edgar Torres lived with Mr. and Mrs. Robert Struck. Niclas Kristensen lived with Mr. and Mrs. Allen Eberle. Lena Dufberg lived with Mr. and Mrs. Roger Campbell.

Edgar Torres with his American parents, Mr. and Mrs. Robert Struck.

Craig, Todd, and Dottie Eberle open presents during Christmas.

Is Lena going to attempt to make some American food?!?!?

Edgar shows some of his Columbian style to Cassie Cover and Ann Day.

Lena enjoys a game of scrabble with her American sister, Leanne Campbell, and Mom, Susie Campbell.

Edgar meets a UN guide in the Big Apple.

Senior Sponsors in Fifth Year

Mr. James Stephenson and Mrs. Rita Murphy have been North Miami's senior class sponsors for the past four years.

Without these two people, NM's senior classes would never have the opportunities that make being a senior worthwhile.

Together, they have helped plan senior trips to Washington, DC and to New York City; they have also planned and helped with tenderloin suppers, fish frys, senior breakfasts and graduation ceremonies.

Seniors "Show Off" Fashions, Hair Styles

North Miami seniors were typical students. If they saw a new hairstyle or new fashion idea, they were quick to sport the new look. Fashions were big sweaters, long and short skirts, Granny shoes and stretch pants.

Tara Walpe models the French braid hairstyle. This is a very popular hairstyle among the girls with longer hair.

ABOVE: Tina Whittenberger and Susan Hanaway model some of the fashions popular with seniors—the big shirt, long sweaters and stretch pants. BELOW: Shannon Conley and Ann Day model the big sweater, long skirt, and the hairstyle with the banana clip that were popular in 1986-87.

Nick Kantzer is proud to be a Warrior, and he wears his football number proudly—shaven on the back of his head. On the side of his head, he made sure everyone knew he was from NM! Red and black paint help accentuate the shaven areas.

Ann Day uses the banana clip to achieve her hairstyle. This is another popular hairstyle among the girls. Fred Tigler sports the ponytail and then also has his own style of a mohawk. He also uses paint to define the shaven areas on his head.

Tenderloin Supper Helps Defray Costs

TOP: These senior girls, Diana Depoy, Ann Day, and Cassie Cover seem to have things under control on the serving line. They didn't realize that serving food could be so much fun! ABOVE: "Hey, Mom! I don't have any dishwater hands!" Don Strong seems to enjoy his dishwashing job—at least for now!

The senior class held a tenderloin supper in October to help defray the cost of either the senior trip to New York City or the graduation costs. Over $1200 was cleared after all the bills were paid. Top sales people were Linda Hostetler, Jay Neff, David Sarver, Fred Tigler, Brent Shoemaker, Laura Schnitz and Kim Zimmerman. ABOVE: Senior boys watch to make sure that Shannon Conley gets all the dirt off the floor.

The senior tenderloin supper had a good turnout. The community supports most of the fund-raising events at North Miami and this picture tells the story about our community support.

These senior girls work together at the tenderloin supper—Kelly Foust informs her replacement, Lori Fallstick, about her job; Angie Ballee seems to be concentrating on the correct size to be served; Kim Bowman won't have to lift weights after handling all those trays; and Kelly Carey is doing what she does best—talking! Good job, girls.

The 1986 Homecoming King and Queen are Tony Willis and Kim Zimmerman. The 1985 queen, Cassie Conner, crowns Kim.

LEFT MIDDLE: Band members, Leanne Campbell and Lena Dufberg, get special recognition from their father. Lena was a foreign-exchange student from Sweden and lived with the Campbells. BOTTOM LEFT: Senior football player, Miles Kuhn, gets a smile from his mother. TOP RIGHT: Donnie Jo Townsend, senior football player, presents his mother with a rose. MIDDLE RIGHT: Senior basketball player, Sarah Hurst, was the only senior basketball player this year. She and her parents were presented with a plant from Coach Monica Brown.

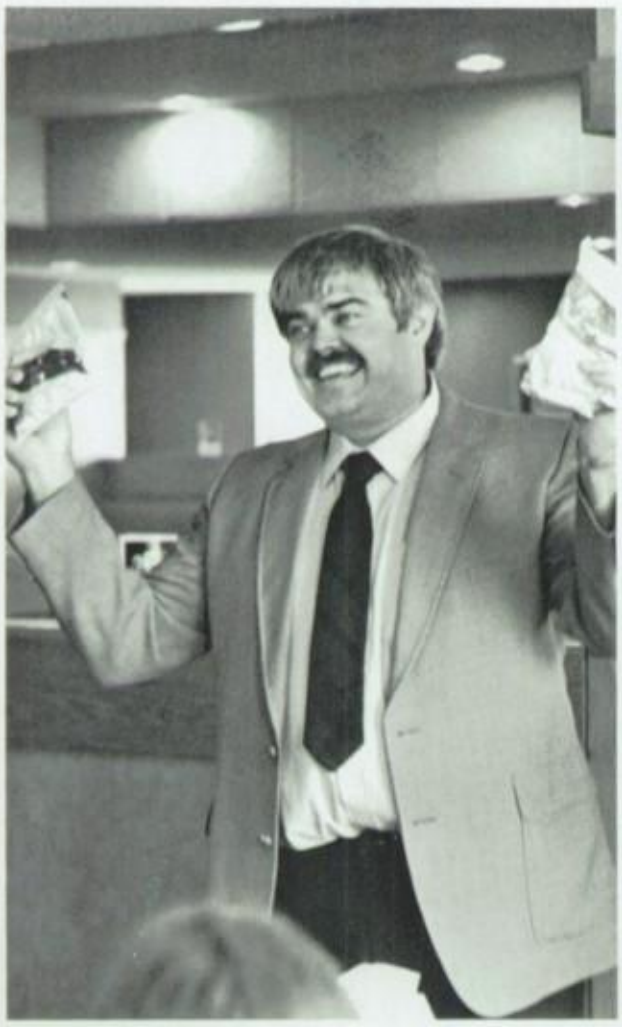
Seniors Choose The Class Favorites

Seniors wait patiently(?) for the "Come and get it!"

Time to converse before we get down to serious eating.

Gilford and Tim are ready to get their plates filled.

Senior "Chow Hounds" enjoy the pleasure of eating!



Friday, May 15, the seniors had their senior breakfast at the Ponderosa in Wabash. Their buffet included fresh fruit, waffles, sausage, scrambled eggs with and without ham, potato rounds, rolls, blueberry muffins, bacon, etc. Needless to say, if anyone went away hungry, they had only themselves to blame.

After everyone had finished with breakfast, Mr. Stephenson, class sponsor, began to announce the class favorites. Melanie Slonaker, vice president, and Bob Masten, president, presented the special hand-picked gifts to the winners. After the favorites were honored, they presented Mr. Rentschler with his much-needed gift—sacks of candy. Mr. Rentschler then said a few words to the seniors before they left.

After the senior breakfast is over, only two activities remain—commencement rehearsal and then commencement.

TOP LEFT: Seniors anxiously await the next "favorite" classmate. BOTTOM LEFT: Don Strong seems very pleased with his breakfast.

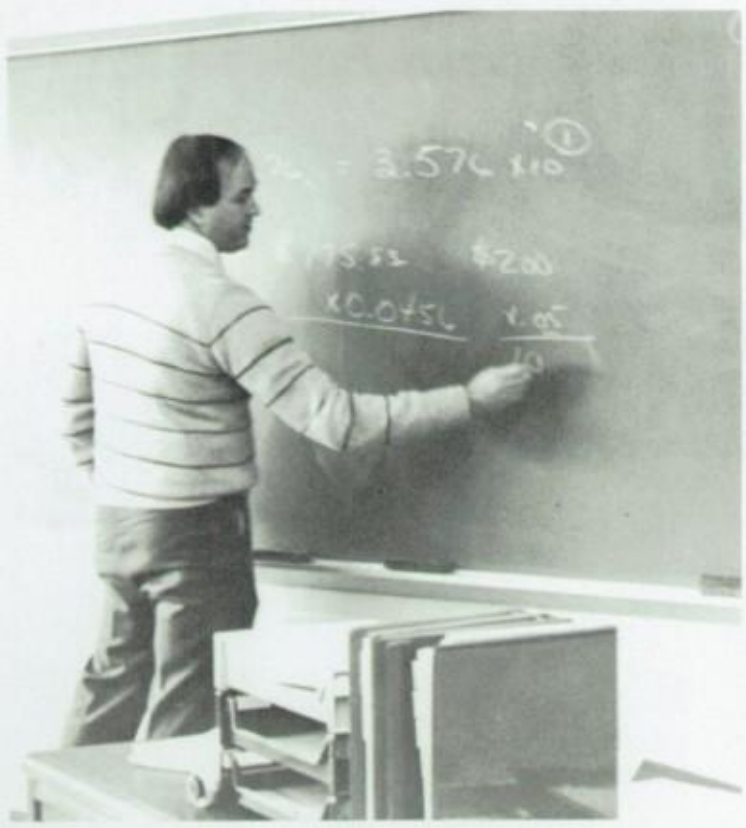
Mathematicians . Scientists . New

FAR LEFT: Mrs. Marilyn Jackson, Mathematics Department chairman, can always be seen giving individual help to her students. Kara Parmeter now has her turn for help. LEFT: Miss Gerri Bargerhuff uses different graphs in her geometry classes and general math classes.

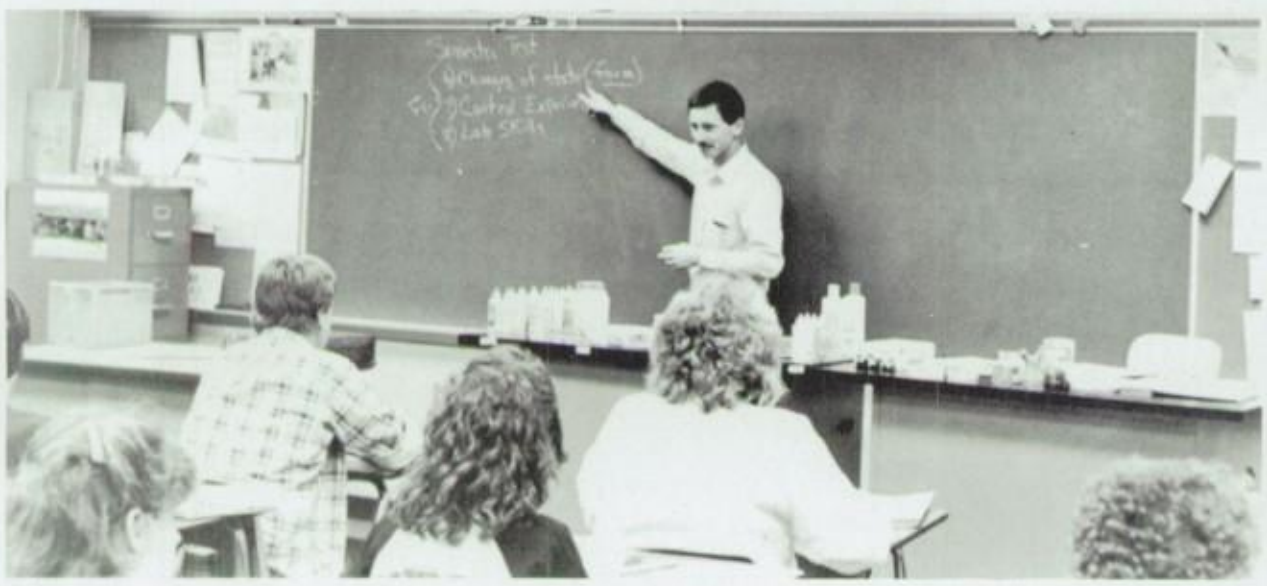
ABOVE LEFT: Mr. Lamar Fertig, calculus and physics teacher, tries (!?!) to convince everyone that he really caught one that big! ABOVE RIGHT: Mr. Steve Linn, junior high math teacher, uses his hands to get his popint across while teaching computeromics to the seventh grade.



Mr. Dave Collins, junior high math teacher, like most mathematics teachers, uses the chalkboard to help his students see how the problem should be solved.

Mr. Fertig showed his physics students how to make his infamous pretzels. Now, he doesn't want anyone to recognize him eating in class!!

Discoveries For Tomorrow

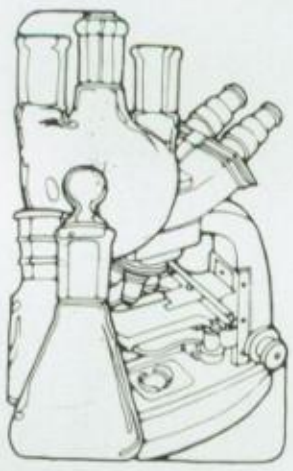


Beginning with the graduating class of 1989, all students in the state of Indiana will have to complete two years of science and two years of mathematics to meet state graduation requirements.

Both science and mathematics departments offer general and accelerated courses.

Mr. Lamar Fertig and Miss Gerri Bargerhuff are the newest members of the mathematics department. This year Mr. Ron Cullers and Mr. Bernard Fites had a student teacher, Mr. Bill Kovacs, in their beginning biology classes.

TOP: Mr. Fites INSISTS that his students take class notes. ABOVE RIGHT: Mr. Ken Clausing, junior high science teacher, points to the problem at hand. ABOVE LEFT: Mr. Norm Acre, junior high science teacher, gives final instructions before his class starts to work on a lab project.

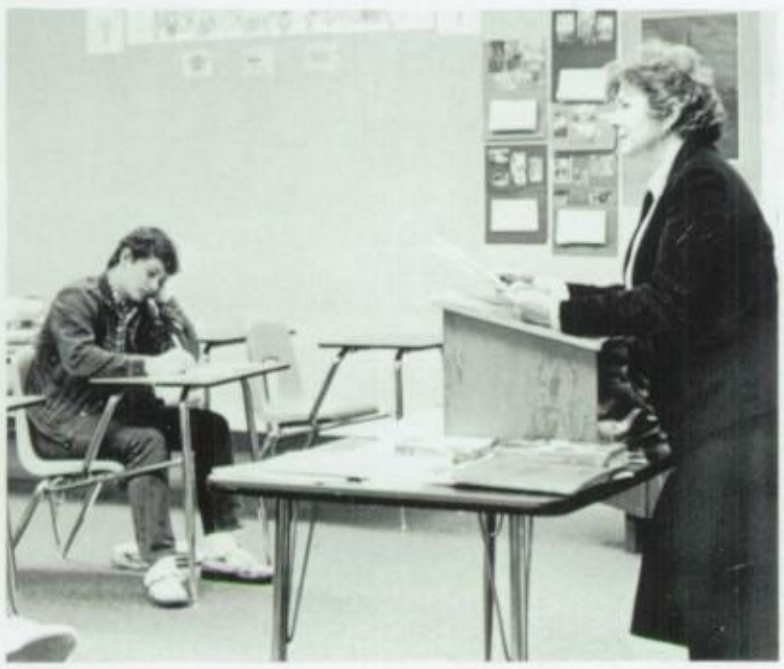


ABOVE LEFT: Mr. Cullers, Science Department chairman, talks to his class about one of his favorite subjects—neurons. Note in the background, one of his arrangatangs! ABOVE RIGHT: Like most teachers, Mr. Cullers also attends sports events at school. His student teacher, Mr. Bill Kovacs, has to chase him down at the ball diamond to get his papers signed for his college course. Bill seems to be sad that his student teaching is over—or is he!?!?!?!?!?

English Department Changes at NM

Mrs. Roseanne Turner speaks to her class about their assignments.

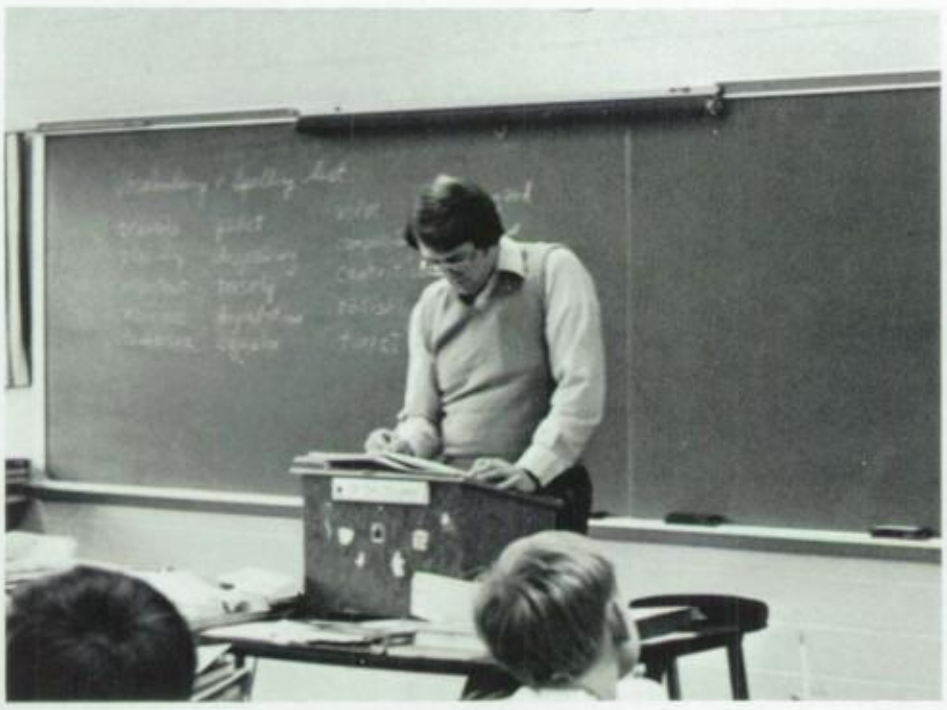
Mrs. Barb Wilson, junior English teacher, listens very carefully to a reason WHY the assignment was not done!



Mrs. Frances Jackson just loves to give tests to her freshmen English classes!

Some teaching assignments changed for the 1986-87 school year in the English Department. Mrs. Wilson, formerly a 7th grade teacher, began to teach 11th grade. Mr. Maymon moved from 11th back to 8th grade. Mr. Winters, 10th grade teacher, moved back to the 7th grade. The newest member of the staff was 10th grade teacher, Mr. Gottschalk.

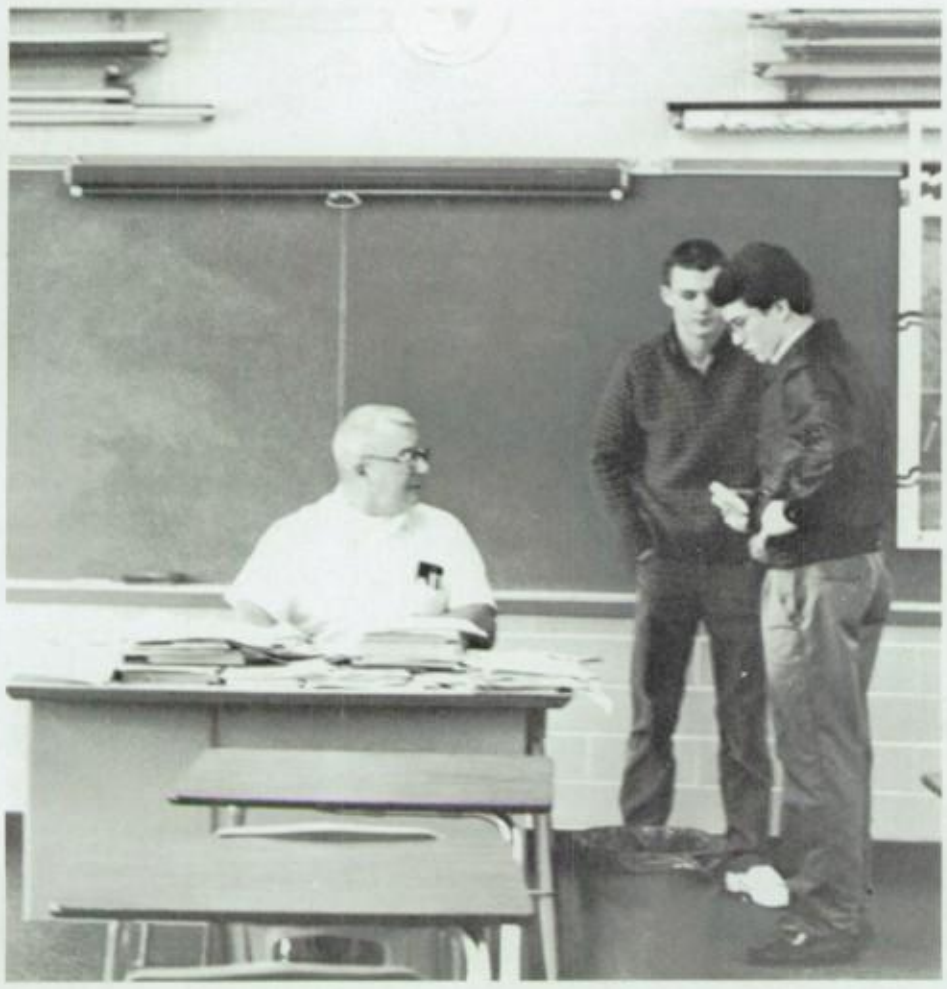
Mr. Dave Gottschalk waits patiently(?) for an answer from his sophomore class.



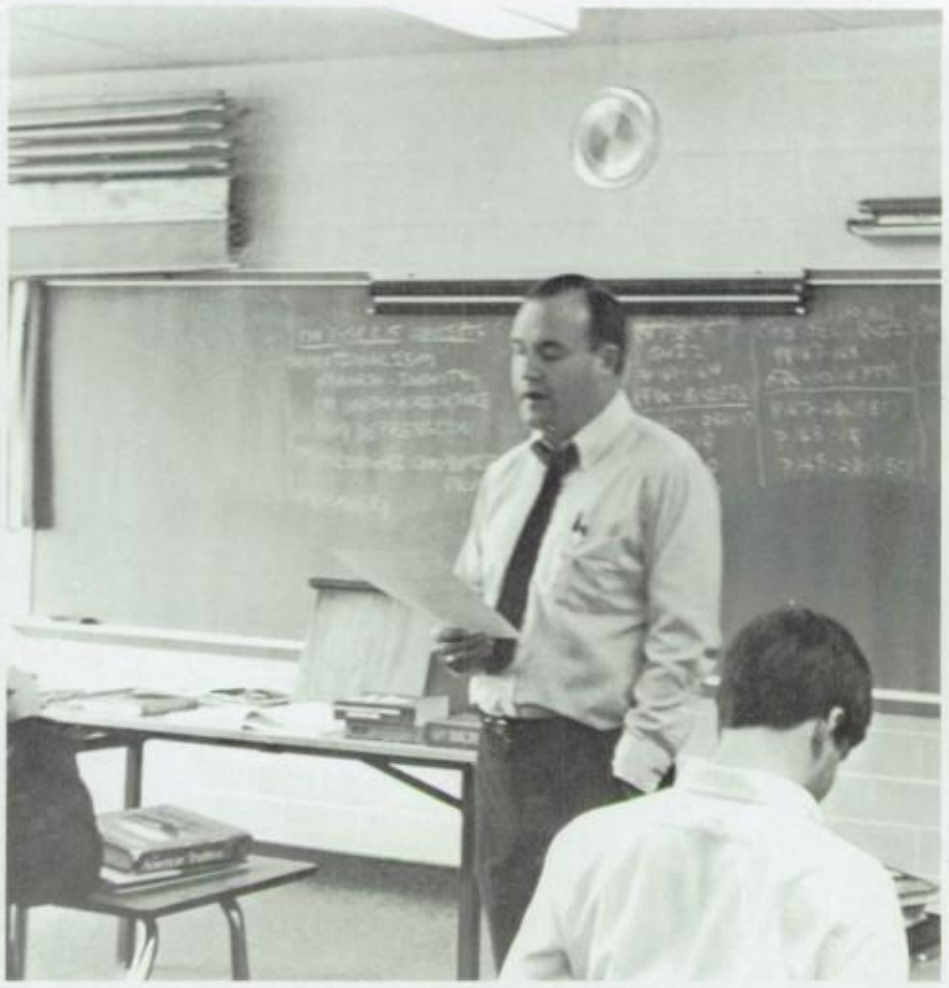
Mr. Don Maymon records grades for his eighth grade English classes.

Mr. Gene Winters, seventh grade English teacher, makes a point with his pencil!

History Department Remains the Same

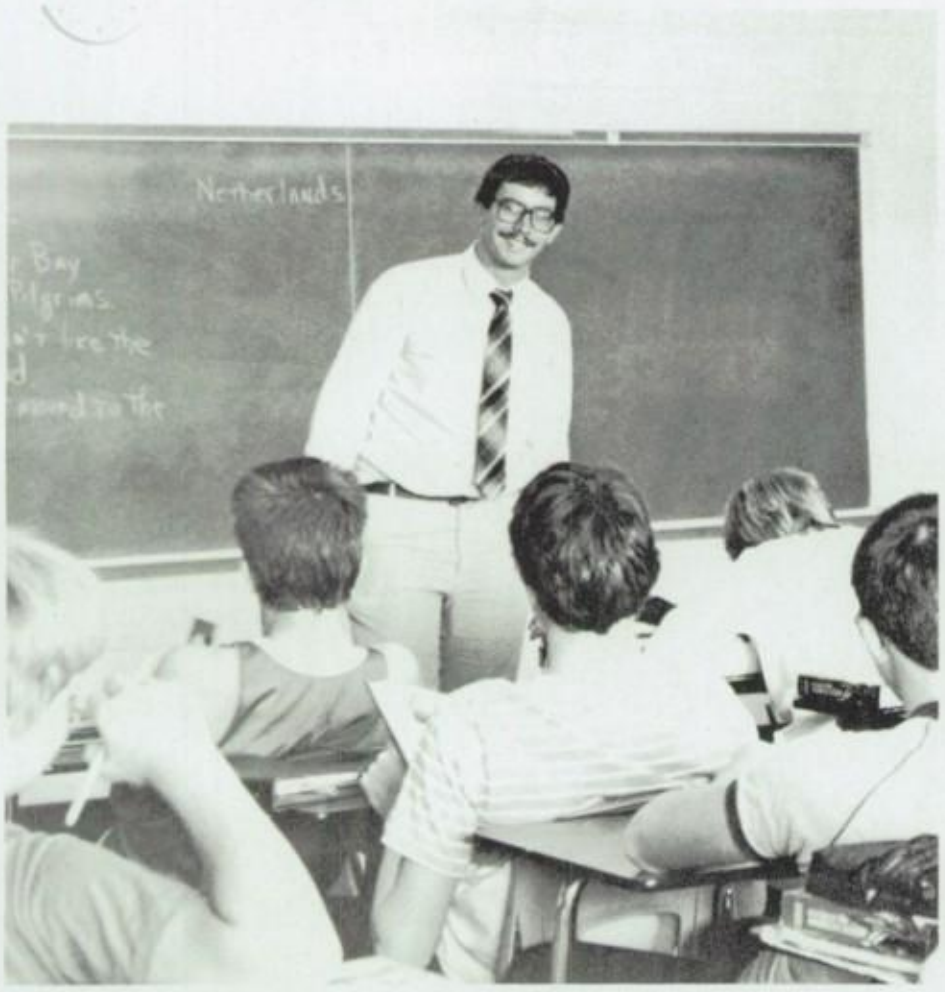


Mr. James Stephenson listens to two of his government students explain their point of view.



Mr. Bob Bridge reads the daily announcements to one of his junior classes in United States History.

The History Department did not have any changes this year. Mr. Stephenson, Mr. Bridge, Mr. Mikel and Mr. Warwick all remained teaching in their same classes as the previous year.

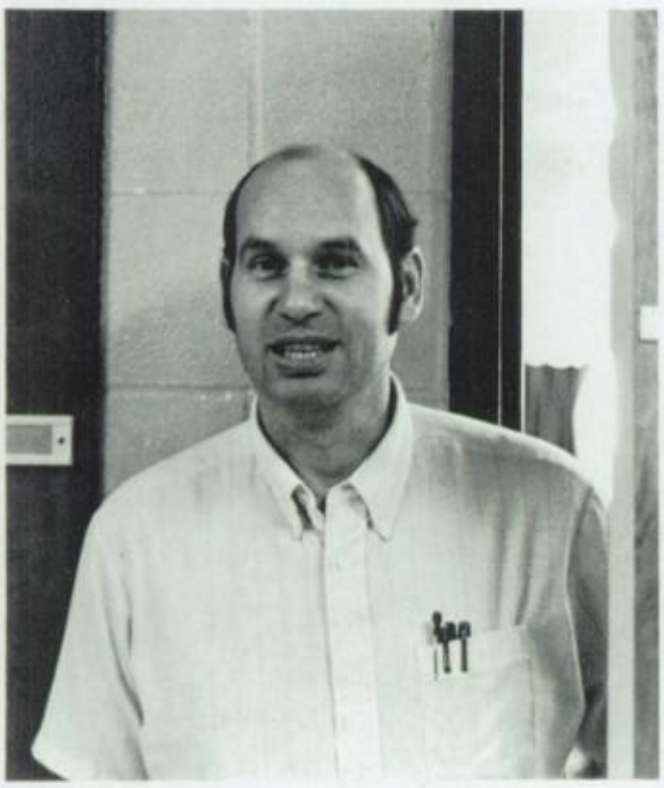


Mr. Roger Mikel seems to be enjoying his eighth grade social studies class.

Seventh grade social studies teacher, Mr. John Warwick, is in deep thought reliving an important battle.

Languages, Fine Arts, Business Intrigue

North Miami's Spanish teacher, Mr. Sanchez shows his skill at playing soccer.



Mr. DuBois, German teacher, is caught in the act of trying to leave his class early!?!?!?!

French teacher, Mrs. Jackson, is hard at work grading papers. If only she could snap her fingers and all the grading would be done!

North Miami has many talented teachers in the area of foreign languages, business and music.

Foreign language teachers include Mr. Olman Sanchez, Mr. Tim DuBois and Mrs. Frances Jackson. Mr. Sanchez has been at North Miami for two years and has taught Spanish to many students. Mr. DuBois has been teaching German for the past 15 years. Mrs. Jackson has been the French teacher for the past five years.

The business teachers at North Miami are Mrs. Rita Murphy and Mr. Larry Parmeter.

Mr. Sanchez is helping Louie Finnegan with his Spanish pronunciation.

North Miami's typing, business math, recordkeeping and introduction to business teacher, Mr. Parmeter, looks enthused for the camera.

Mr. Pletcher, the new band director for North Miami's Crimson Guard tries to explain why he doesn't want his picture taken.

Mr. Whittlesey, choir director, stands ready to direct the Freshmen-Sophomore Choir. Ready, and a one and a two!

Mr. Whittlesey is showing his eighth grade choir how a song should sound.

Teaching accounting, production typing, introduction to typing and yearbook is Mrs. Murphy. Michelle Padgett gets some help on a page layout.

Mr. Parmeter goes over the rules for setting the right and left-hand margins for manuscripts.

Yearbook sponsor and business teacher, Mrs. Murphy, is going over yearbook agenda with the yearbook photographer, Mr. Gene Whittenberger.

Mr. Felke explains to Tim what a volleyball is and how to play the game.

Jeff Dawalt is all in the air playing kickball as teammate Tim See looks on in despair.

Miss Brown is dressed in "appropriate" dress for her PE class.

Spanish Students Invade Mexico—

"Oh, my poor aching feet," lament the NM Mexico travelers. "We could use a nice tall glass of ice cold lemonade right now and a good foot massage."

It looks like Candi York is about ready to take off! Or, is this the dance "the Chicken" that was so popular in the 50's?!?!?

Weary travelers stop to rest in front of a church in Merida.

Our first stop in Mexico was the Cozumel Airport. From Cozumel we drove to the town of Merida where we stayed for two days.

While staying in Merida, we went to the markets and toured the city. In their markets, they sold everything from food to clothing. You could get raw fish anywhere. They even sold cochroaches. They wore them like a pin. Some of the cochroaches were gold plated and had rhinestones on the top for decoration. The cochroaches would usually stay in one place when you put it on.

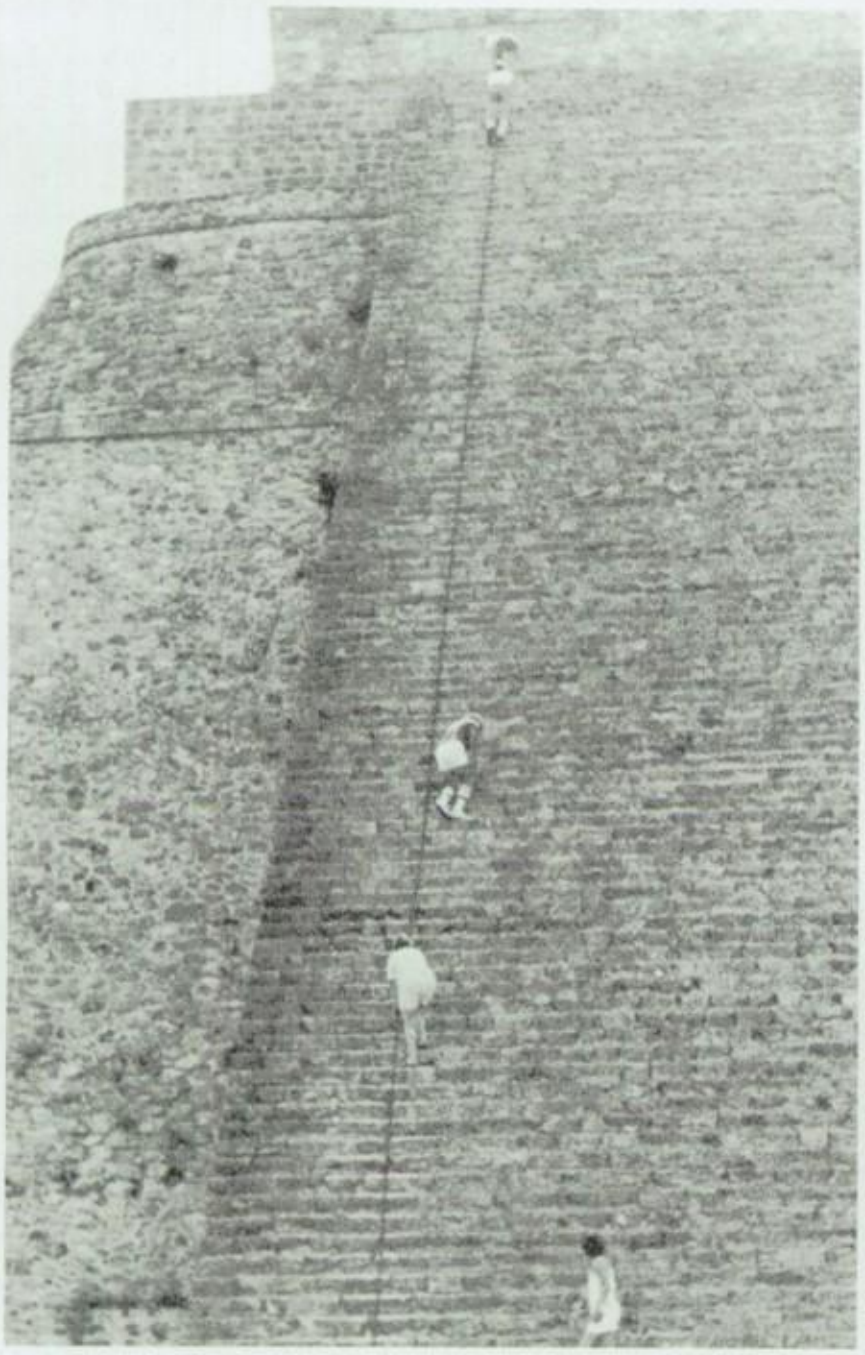
When we were touring the city, we saw places like Aveneda Montejo (Monteyo Avenue,) Plaza Santa Lucia (Santa Lucia Plaza,) Parque de Ias Americas (Americas Park,) Casa Montejo (Montejo House,) Museo de Antorpolozia (Museum of Anthropology,) La Catedral (The Cathedral,) Monumento a Manuel Cepeda Peraza (Monument to Manuel Cepeda Peraza,) and Palacio de Gobierno (Government Palace.)

The next stop was Uxmal. In Uxmal we went to see the ruins. That night we went to a light and sound show at the ruins. They lit up the temples with different colors and a man talked about the history that went along with them. One temple we saw was called Templo de Adivino (Temple of the Sorserer.) We also had our first encounter with iguanas—a lizard very frequently seen in Mexico.

After Uxmal, we went to Chichen Itza. We went to more ruins and visited the shops in the town. At the ruins we saw Templo de los Guerreros, El Juego de Pelota, Cabez de Kukulcan, El Castillo, El Chac Mool, El Observatorio, Templo de Venus Yel Castillo, Templo del Jagual. These ruins were the best ones. We saw a pool where the ancient tribes used to sacrifice young virgins.

Next was Cancun. It was the most modernized city we stayed in. We stayed at the el Presidente. We were more or less on our own here. We went on moped rides, went to a disco, swam in the ocean and sent shopping. We also went on a boat cruise to "Isle Mujeres (The Island of Women.) We stopped at another island where we saw sharks in cages and large turtles. Little kids were riding on the turtles. If you threw pesos in the water, the little kids dove in, got the pesos and came up riding the turtle. By Candi York

Merida, Uxmal, Chichen Itza, Cancun



ABOVE LEFT: Up, up and away! Climbing to the top of the ruins at Chichen Itza is very tiring. ABOVE RIGHT: Just a few more steps and we will be at the top! ABOVE: Candi York rests on a Chac Mool at Uxmal. It looks as if Mr. Sanchez is growing a pair of horns—thanks to Steve Emmons.

The ruins and temple at Chichen Itza were beautiful historic sights to see. The climb to the top didn't look too bad—from a distance.

Vocational School Offers Job Training

The Upper Wabash Vocational School offered many different areas that students could enroll in to prepare them for the job market after graduation. The following are the different training programs that students had to choose from: Accounting/ Data Processing, Agriculture Mechanics, Auto Body Repair, Auto Mechanics, Beauty Culture, Building Trades, Electronics, Health Occupations, Commercial Foods, Machine Shop, Office Training, Practical Work Experience, Printing and Welding. The teachers help the students to succeed in whatever area they have chosen for job training.

Find A Way. . . .

The "86" Varsity football team has nothing to be ashamed of. Sure, there were mistakes, but there was more effort and execution than could be asked from any young team. The Warriors were shut out five games in season play. The team was young, inexperienced and had difficulty filling the previous year's senior shoes. The defense, known as the Black Attack, was hard hitting and had outstanding play toward the end of the season. The offense had trouble moving the ball and changes hampered the team's performance. But overall, the football family held together.

The "86" freshmen football team posted a 6-1 record. This is the best freshmen record in NM's history. A main reason they achieved this success was their attitude and preparation for games. They had the attitude of believing in each other, and the preparation they did in practice made them successful in the game. If the freshmen keep their winning spirit, they will be beneficial to a varsity squad.

Harriers Run to Win

The 1986 cross country team was young, having only two returning lettermen. After a slow start, some hard effort, and consistent coaching, the team constantly improved throughout the season so that they were in top form by sectional time. Our Warriors scored second place in the county and despite a seventh place finish, they ran their best race of the season in the conference meet. They also placed third in the sectional and earned the right for the fifth consecutive time to compete in their regional.

Correll Advances to Semi-State

The 1986-87 Warrior wrestling team was one of the youngest teams ever at NM. It consisted of four seniors, one junior, two sophomores and five freshmen. Although the team was young, the Warriors did well in the Pioneer Invitational (second place), the Conference (third place) and the Sectional (second place.)

Six Warrior grapplers advanced to the Regional at Ft. Wayne Snider. Sectional champs included Kelvin Correll, Mike Hoover, Andrew Fincher, Brian Mikesell and Donnie Jo Townsend. Jimmy DuBois placed second in the Sectional and advanced to the Regional.

At Regional, Kelvin Correll wrestled to third place. He advanced to the Semi-state meet at Goshen. Unfortunately, he lost his first match, ending what was still a great season for the 98-pounder.

NM Basketball Breaks .500

This year's varsity basketball team, which had a slow start, won six of their last nine games before losing a hard-fought sectional game to eventual sectional champs, Peru, 70-63.

At the end of the season Bobby Masten and Tim Parmeter shared the Captain Award and the Mental Attitude Award. Tim was recognized as the Most Valuable Player and Chris Flaherty received the Free Throw Award after hitting 88.9% of his free throws with a consecutive streak of forty-one.

Tim also made First Team Academic All State, TRC All-Loganland and All-Sectional while he also was on the second team Hoosier All-State and led the state in assists.

Junior teammate Chris Flaherty also received some individual awards by being selected to Second Team TRC and All-Loganland. Chris also gained honorable mention from Hoosier Basketball All-State.

Junior varsity basketball, under the direction of Coach Mike Walters, struggled for wins but did show steady improvement in the fundamentals. With hard work, which will be provided by varsity coach Larry Parmeter, these young Warriors will become steady varsity players next year.

Varsity letter winners this year were: T. L. Miner, Bobby Masten, Tim Parmemter, Chris Flaherty, Brandon Smalley, Curt Willis, Kris Foster, Leon Guire.

The Lady Warriors finished 10-10 for the season. This was the first varsity girls basketball team to have a winning season in 11 years. The Lady Warriors finished second in the 4-way tournies at Rochester and Whitko. They defeated Peru in the sectional opener but lost to Maconaquah in the semi-final round. Sarah Hurst became the all-time leading scorer for the Lady Warriors in North Miami history, and she was the lone senior on the 86-76 squad.

For next year's squad, there will be 13 players returning for the Lady Warriors.

Sarah was the county champ, TRC Conference champ and the Rochester Sectional champ where she tied both hurdle records this year. Sarah graduates holding 7 school records in track—300 meter dash, 200 meter dash, 400 meter run, 100 meter hurdles, 300 meter hurdles, member of the 1600 meter relay team and the long jump. NM Bulges With B.F.S.; Lift-A-Thon

Seniors Larry Cattin and Brent Leffel express some Bigger, Faster, Stronger humor.

Juniors Missy Prior, Erin Tiffany and Bev Conner are benching their hearts out.

This year North Miami athletics incorporated the Bigger, Faster, Stronger weight lifting program. The new program promised larger gains in both body weight and weight lifted, more elasticity in the muscles and fewer plateaus (periods of no improvement in amount of weight lifted.) These gains helped the lifters raise money in the annual Lift-A-Thon. Lift-A-Thon pledges collected amounted to $3,500; $2,000 was used to buy new weight equipment and the remainder was donated to the Athletic Department.

In October the French CLub traveled to West Lafayette to attend the Feast of the Hunters' Moon, an annual festival which is sponsored by the Tippecanoe County Historical Association, in cooperation with the Tippecanoe County Parks and Recreation Department. The festival is held at old Fort Ouiatenon, west of the city.

Every year people come from far and near to taste the foods, buy the wares, and see the performances of all who help with this popular festival. One can eat French pastry, buffalo burgers, and parched or roasted corn; purchase pewter or beaded ornaments, bows and arrows, and leather goods; and watch authentic Indian dances, a style show of costumes worn by the early settlers, and a presentation of all the flags that have flown over the fort. Visiting all the booths of the costumed artisans, who are doing everything from weaving wheat to making musical instruments, requires many hours. The festival is one of Indiana's finest and one that festival lovers will want to visit every year.

In February the Spanish and French clubs organized a field trip to Ball State University in Muncie, Indiana, where they were guests of the university's foreign language honorary society at its annual Winter Fest.

A formal dinner, which included a German appetizer, a French main course, and a Spanish or Mexican dessert, was followed by skits and dances performed by the hosts and later, by folk dance instruction and participation involving the hosts and the guests. The foreign language students and sponsors from North Miami had a very enjoyable evening.

It is believed that if our children realize that they can and should call us if they are ever faced with a drinking-driving situation, they will. SADD stands for Students Against Driving Drunk. The main event SADD was involved in this year was the signing of the Contract for Life. It states that if either parent or child has had too much to drink, or is with a friend that is not sober, he or she agrees to call home for a safe ride.

Prevention Using Student Help was a new club this year for North Miami students. The members of PUSH went to the elementary twice during the year to talk to fifth and sixth graders about the dangers of drugs and alcohol.

Sounding Board members are the answer to the communication gap problem. If a student has a question or complaint about a school rule or punishment, he or she can talk to a member of Sounding Board. That member should then take the problem to the principal and get any information the student needs.

Yearbook Students Do Their Best

Mrs. Murphy explains to Mr. Whittenberger how to take a pic! Right, Mrs. Murphy?!?!

The yearbook students at work!?!?! Who is fooling who???

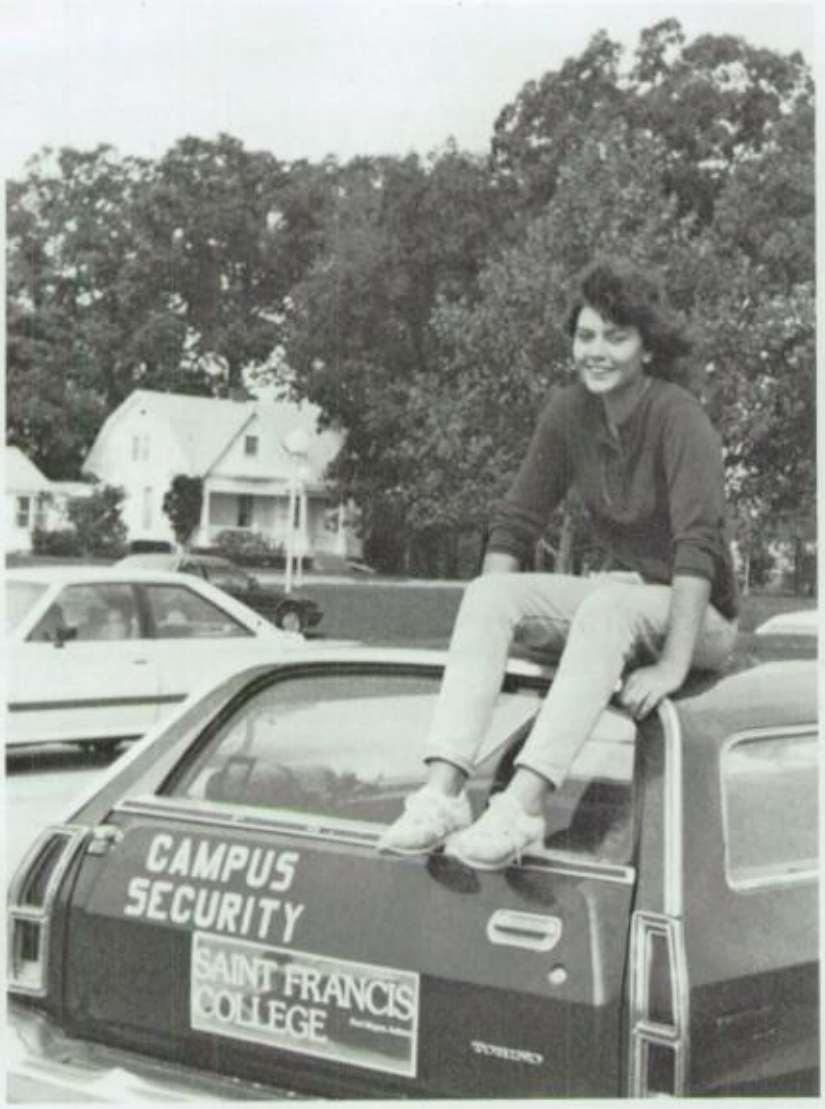
Herff Jones representative, Mr. George Kingsley, informs the staff about yearbook procedures.

Donnie Jo Townsend, Lori Fallstick, Tina Whittenberger and Jan Robison look through a few(?) pictures.

New staff members Missy Stockdale, Natalie Radel and Rita Lippold get busy on their layout assignments.

The 1986-87 ARROW staff did their best to make this the best yearbook ever. Meeting deadlines and watching their budget were two of the many duties that had to be performed by the staff.

Yearbook Invades Saint Francis College



Where are you going, Teresa? JAIL?!?!?!?

The staff takes a break on "Arrow Island."

The staff, waiting to be served in their private dining room?!

A guest speaker shows the proper way of cropping a picture.

Along with work, there was also time for play. The trip to Saint Francis College was fun for everyone. The entire trip was enjoyable, even sitting through classes! Well, most of the trip was enjoyable.
